

2943 Withdrawn from CA Legislature! Long Live Freedom of Choice!

In an unexpected move, Assemblyman Evan Low withdrew his bill on the last day of its eligibility. Had it passed, Living Waters would have been outlawed in the state of California. The bill is now dead. Low engaged with many Christian leaders this summer and understood that the bill overreached its aim by treading on sacred ground. He acted with integrity and stopped the bill before it went to the governor who would have signed it. Thank you, Evan, for your humility and wisdom. Thank you Jesus for all the intercessors and witnesses You united throughout California to declare that Your way for our sexuality dignifies all persons who seek it.

More to come on this, but wanted to let you know this glorious news!
