

Pray for 2943 and Asia

Friends,

I am just finishing a wonderful break with Annette and children and grandkids; I leave tomorrow with Abbey for our first Living Waters Training in Ubon Thailand. Ubon, near the Laos border, is a Buddhist stronghold with extremely limited Christian presence. We delight in all who will join us there, including leaders and participants from churches in six other Asian nations. Please pray for our freedom on all fronts to love and serve Southeast Asia wisely. Your prayers enable us to renew our commitment to releasing Living Waters there. Pray:

Special grace for Abbey who at the last minute agreed to lead all musical worship (as well as to lead a small group and teach.) The girl is a marvel but also human....

For Tom and Terri Wright, seasoned Living Waters leaders from Virginia who will serve us and share as a couple: this is their first international ministry trip together. Pray for extraordinary blessing on them and clarity for mission.

For our amazing leader in Ubon, Sue Hunt, who has been among the most faithful and fruitful of international Living Waters leaders. She has envisioned this training for a long time and has worked steadily and well in the Spirit to ensure its reality. Pray for her joy, stamina, and wisdom in discerning what God is doing in her land through this training.

Lastly, the California legislature reconvened this week though as yet we do not know when and how 2943 will be introduced for a senate vote. Pray for the bill's dismissal or its extreme modification. Either could happen.

Last week the Massachusetts legislature failed to pass its efforts to ban 'reparative therapy' for minors due to lefty infighting. (And from the state that introduced 'gay marriage' to America!)

This is not a good season for any government body that imposes serious, unnecessary limits on the moral decision-making of its citizens. Keep praying and we will keep you posted.
