

## **Zeal for His House has Consumed Us (and our finances!)**

We are on fire and need fuel to stoke the flames. Help us with a one-time gift.

Here's the deal. We have been burning with passion for the Church as never before, starting with our 40-day fast last fall for the gender broken then blazing trails in congregations on the west and east coast. Most passionately, we fought hard to ignite a blaze smack dab in the middle. Our Gender Matters conference in February broke all expectations with over 20 different churches represented--both Catholic and evangelicals—from which two Living Waters groups started, upping our number to five churches now on fire to heal the broken in Kansas City.

We are burning! And broke. Last week we paid all of our debts only to discover we were overdrawn at the bank. In all of our fire-starting, we lost sight of how low our funds had become, resulting in pay cuts, failure to print valuable resources, and discouragement (if we let it). Bleech.

So help renew our passion. We are consumed with zeal for the Father's house and seek only to burn brightly for Him, thereby starting a host of fires. We burn because you fuel us. Better put, God puts us on your heart and you throw a log on the fire. That's how we blaze.

We are in need of \$20,000. Please help.

Between now and November, we are gearing up for six week-long Living Waters Trainings throughout the world. A one-time gift would help us get our bearings and launch out with renewed passion. YOUR HELP MATTERS. Give today.

Please give a one-time gift of \_\_\_\_\_. May zeal for His house consume us afresh!

Andrew
